STATE OF FLORIDA
**DEPARTMENT OF INSURANCE AND TREASURER**
*The Capitol, Tallahassee, Florida 32399-0300*

**Bill Gunter**
STATE TREASURER
INSURANCE COMMISSIONER
FIRE MARSHAL

July 1, 1988

The Honorable Bob Martinez
Governor of Florida
The Capitol
Tallahassee, Florida 32301

Dear Governor:

As Insurance Commissioner of the State of Florida, I am pleased to submit to you my Annual Report on Insurance in the State for the fiscal year July 1, 1987 to June 30, 1988 as provided for in Chapter 624.315, Florida Statutes. The figures in this Report reflect the financial condition and the importance of the insurance industry in our State. The statistics in this Report are compiled from the December 31, 1987 Annual Statements filed with this Department by insurance companies licensed in the State.

Respectfully submitted,

Bill Gunter

Bill Gunter
Insurance Commissioner
and State Treasurer

*An Affirmative Action/Equal Opportunity Employer*

# REPORT BY INSURANCE COMMISSIONER BILL GUNTER

The 1988 Legislative Session was a successful and challenging one for the Department of Insurance in which it sponsored the passage of 13 bills. The Department successfully sought a number of legislative changes affecting the regulatory responsibilities of the Division of Treasury, the Division of State Fire Marshal and the Department of Insurance. These successes included the enactment of legislation which relates to auto insurance reform, financial guaranty, long term care and medicare supplement insurance regulations, changes to Chapter 633/fire prevention and control, and security for public deposits act. For your review and consideration, the Department has prepared a brief summary of significant legislation affecting the Department's regulatory responsibilities. If you would like additional information on any new legislation, please call the Legislative Coordinator for the Department of Insurance, at 904/488-6392.

## INSURANCE REGULATION LEGISLATION

**Auto Insurance Reform Act (CS/HB 1216)**
**CH. 88-370**
**Effective date: 10/01/89; multiple effective dates**

Fortunately, Florida is not among those states experiencing the most severe automobile insurance problems. However, in South Florida, and to a lesser extent, in the rest of the state, increasing premium rates and the number of uninsured drivers are problems that had to be addressed.

The major provisions of this act are:

(1) Effective October 1, 1989, every owner and operator of a motor vehicle subject to the Florida Motor Vehicle No-Fault Law must maintain property damage liability insurance in the amount of $10,000 per accident.

(2) Effective October 1, 1989, the amount of uninsured motorist coverage a driver may receive will be offset by the amount of any available liability coverage the at-fault driver has.

(3) Effective October 1, 1989, insurance policies with Personal Injury Protection and liability coverage must be for at least 6 months and cannot be canceled during the first one-third of the policy term. Insurers may cancel new policies before the 60th day, for reasons other than nonpayment of premium.

(4) Insurers must report existing policies, renewals, cancellations and nonrenewals to the Department of Highway Safety and Motor Vehicles effective April 1, 1989. The Department will suspend the driver's license and vehicle registration of owners who fail to maintain insurance.

(5) Effective October 1, 1988, drivers whose licenses have been suspended for driving without insurance will pay $150 for a first offense, $250 for a second offense and $500 for each subsequent violation during the 3-year period following the first reinstatement. Law enforcement officers are authorized to seize license plates from anyone whose registration has been suspended for 30 days. Local law enforcement agencies will receive one-third of the reinstatement fee for every license plate seized from vehicles with suspended registrations.

(6) A task force will examine the affordability and availability of motor vehicle insurance. The task force must submit its recommendations to the Legislature by April 1, 1989.

**Exchange of Business (SB 682) CH 88-104**
**Effective date: 7/01/88**

Current law allows agents not licensed with an insurer to place business with an insurer, under certain restrictions. The act authorizes an insurer to furnish forms, coverage documents, binders, applications and other supplies to resident Florida general lines agents to facilitate the writing of brokered business.

**Financial Guaranty Insurance (CS/SB 1140)**
**CH. 88-87**
**Effective date; 7/01/88**

During the past decade, insurers have significantly increased writings of financial guaranty. This insurance guarantees the payment of a debt. For example, when a borrower defaults, financial guaranty insurance pays the lender the outstanding loan balance. Because of this increase in financial guaranty insurance, the Florida Insurance Code was changed to contain adequate provisions to properly regulate this business.

This law establishes standards that insurers must maintain to write financial guaranty insurance. These standards include:

(1) A minimum initial capitalization requirement of $50 million with a maintenance requirement of $35 million. A grandfather rule allowing existing writers of financial guaranty insurance filing a statement with the department during the request time period and electing to limit its writings to financial guaranty, surety and fidelity insurance 10 years to increase their surplus to the required level has been provided.

(2) Rules limiting the other kinds of insurance that a financial guaranty insurer can write.

(3) The amount of special contingency reserves that must be established for financial guaranty business.

(4) Limits on the amount of financial guaranty insurance that a company may write.

### Health Care Cost Containment Board (CS/HB 1673) CH. 88-394
**Effective date: 10/01/88; except as otherwise provided**

This law extends the regulatory authority of the Health Care Cost Containment Board by requiring all hospitals, except small, sole-provider, rural hospitals to be subject to authority of the HCCCB regarding budget submissions and increases in patient charges. Extension of this authority is expected to reduce over-all hospital charge increases in Florida in subsequent years.

The Maximum Allowable Rate of Increase (MARI) formula was significantly altered to become a function of each individual hospital's previous rate of increase, case mix, case severity and extent of Medicare and Medicaid revenues. The new formula and its application to almost all Florida hospitals was estimated to save some $175 million in no-longer-allowable increases during the first year of new formula use.

The new law also streamlined the budget submission process, allowing hospitals to file budget "letters" in lieu of extensive prospective budget documentation. HCCCB's application ofpenalties and authorities has been clarified and the board is given express authority to audit documents related to debt instruments and common ownership agreements between a hospital and its corporate affiliates.

The board's research and public information duties were clarified and expanded with directives to serve the state's small employers, evaluate the effect of public reimbursement programs upon hospital revenues, and to conduct specific studies to develop a Florida specific hospital cost index, to study the state's nursing shortage and to study the special financial impact of hospitals serving the state's rural and migrant poor.

### Health Insurance for Adopted Children (CS/HB 421) CH. 88-269
**Effective date: 10/01/88**

The law requires prospective parents' family health insurance policies to cover an adopted child from birth, provided a written agreement to adopt the child has been entered into by the insured prior to the birth of the child, as opposed to the current law which requires that both individual family health insurance policies and group family policies provide coverage from the moment the child is placed in the residence of the policyholder or subscriber.

### Health Maintenance Organization Guaranty (HB 1576) CH. 88-388
**Effective date: 10/01/88; except as otherwise provided**

This law provides for a safety net called the HMO Consumer Assistance Plan. The plan is similar to insurance guaranty funds, but it will not pay the debts of an insolvent HMO. Instead, it will only pay for or arrange for coverage through other HMOs for all covered subscribers of the insolvent HMO. A covered subscriber is one who has had an assessment made on his behalf by the HMO or the financing administrator (HCFA).

Each HMO will pay a $25,000 assessment to the Plan on July 1, 1989. Assessments of up to one-half of 1 percent per year may be levied thereafter as needed. Assessments will be based on premiums collected from subscribers not covered by Medicare or Medicaid. (However, if the federal government desires to have Medicare subscribers receive benefits from the plan, it may notify the state of this decision and would then be responsible for assessments based on Medicare premiums). HMOs may take an offset against corporate income tax for assessments paid.

These regulatory provisions will apply as well:

(1) The minimum surplus required to form an HMO increases from $100,000 to $1.5 million. The minimum surplus that must be maintained thereafter increases from $100,000 to $500,000 or 10 percent of liabilities, whichever is greater. (Existing HMOs have 3 years to reach the $500,000 level).

(2) A subscriber may never be sued by a provider for any services covered by the HMO, even if the HMO fails to pay the provider.

(3) The maximum administrative fine increases from $10,000 to $100,000.

(4) The application fee increases from $240 to $1,000.

(5) The HMO contract must provide coverage of adopted children.

(6) The penalty for violation of a cease and desist order increase from $50,000 to $200,000.

### Long Term Care (CS/SB 606) CH. 88-57
**Effective date: 10/01/88**

This law establishes minimum standards for long-term care insurance policies, based on the model act recommended in December 1987 by the National Association of Insurance Commissioners. This new law protects policyholders from unfair and deceptive sales practices and provides minimum standards for long-term care policies. This law also allows for flexibility and innovation in the development of long-term care insurance coverage.

Major provisions of the new Long Term Care Act include:

(1) Coverage must be provided for no less than 24 consecutive months.

(2) Any policy with a prior-institutionalization requirement must limit that prior-stay to no more than three days. Also, any insurer offering a policy with a prior-stay requirement must also offer a policy without prior-stay requirements.

(3) No policy may exclude or limit benefits based on a specifically named or described disease or physical condition.

(4) Prospective purchasers have 30 days for a "free look" at the policy, and any premium paid during this time must be fully refunded if the applicant does not wish to purchase.

(5) Policies which are to be advertised, marketed, or sold as long term care insurance must be identified clearly with a stamp that indicates the policy is long term

(6) All advertising, marketing, or similar informational material must be filed with the Department of Insurance prior to use.

(7) A long-term care policy cannot limit coverage only to a nursing home; coverage for a lower level of care must also be provided.

### Medical Malpractice Glitch (CS/CS/HB 819) CH. 88-277
### Effective date: 7/05/88

This law reenacts the provisions of Chapter 88-1, Laws of Florida, the Comprehensive Medical Malpractice Reform Act of 1988, with amendments addressing primarily technical flaws.

New provisions under the law:

(1) Enlarge the statute of limitations for adding defendants.

(2) Prohibit coercion of physicians, nurses, and hospital staff members to prevent testimony in medical malpractice cases.

(3) Prohibit settlement agreements which prevent disclosure of the settlement terms.

(4) Mandate emergency rooms and trauma centers to accept patients regardless of the patient's ability to pay for services.

(5) Conforms the risk management provisions relating to health maintenance organizations to those adopted for hospitals.

The legislation also amends the provisions of Chapter 88-1, to clarify that the Florida Birth-Related Neurological Injury Compensation Association, is to be an independent entity; not a state agency or commission. Also, the association, not the Department of Insurance, administers the Birth-Related Neurological Injury Compensation Plan. Here, the association has certain obligations previously given to other state departments, such as the obligation to assess physicians and hospitals for their contributions to the plan.

### Medicare Supplement Reform (CS/HB 632) CH. 88-338
### Effective date: 10/01/88

Florida's law relating to Medicare supplement insurance loss ratios did not specify a limited time period for insurers to show they were actually paying out as benefits the portion of premium dollars they said they planned to pay when they began marketing their policies. Further, many group Medicare supplement policies for Florida residents are issued outside of Florida, and were not specifically subject to Florida's minimum standards for Medicare supplement insurance.

Changes to Florida's Medicare Supplement Insurance Act will strengthen the regulatory requirements for Medicare supplement insurance.

Major Provisions:

(1) Consumers will benefit as the state increases the enforcement of loss ratio standards -- that is, to be sure insurers are paying as benefits a reasonable amount of premium dollars being collected.

(2) Insurers are required to demonstrate annually that they are in compliance with the rate and loss ratio standard for Medicare supplement insurance.

(3) The loss ratio requirement for individual policies will increase from 60 to 65 percent, effective July 1, 1989. Medicare supplement group insurance policies marketed by mail must meet the same 75 percent loss ratio requirement that other group policies are required to achieve.

(4) Florida's authority over Medicare supplement policies is extended to include group policies issued outside of Florida, but providing coverage to Florida residents.

(5) Out-of-state group policies must meet the minimum standards requirements on the same basis as those group policies issued in Florida.

### Multiple-Employer Welfare Arrangements (HB 1555) CH. 88-116
### Effective date: 10/01/88

The law provides that employers participating in a MEWA are liable for assessments when the MEWA begins to operate with a negative fund balance. Each policy issued by a MEWA must disclose that assessment liability.

Existing MEWAs will not be assessable until Sept. 30, 1989. A MEWA must assess its employers if its fund balance at the end of the fiscal year is less than zero and may assess employers if its prior year's statement of operations shows a loss or if its fund balance is zero or greater. The bill requires MEWAs to maintain a fund balance in excess of or equal to zero.

### Insurance Premium Tax (CS/CS/CS/SB 1054) CH. 88-206
### Effective date: 7/01/88; except as otherwise provided

This tax act changes the rate and credits applicable to the insurance premium tax. The act reduces the tax rate scheduled to go into effect July 1, 1988, from 2.25 to 2 percent and increases the credit for salaries paid by insurers to certain employees in Florida. An intangible tax credit is also provided. The tax is imposed for the first time on professional liability self-insurance trusts, commercial self-insurance funds, group workers' compensation self-insurers, dental service plans, and continuing care contracts. Effective July 1, 1989, the tax will also be imposed upon multiple-employer welfare arrangements (1.6 percent tax) and medical malpractice self-insurance trusts. The sales tax is imposed on motor vehicle service agreements. The premium tax is not imposed on fraternal benefit societies.

### Insurance General Regulatory (CS/CS/SB 368) CH. 898-166
### Effective date: 10/01/88; except as otherwise provided

This law addresses a number of the regulatory areas of the Department of Insurance and is similar to CS/SB 556, which received a favorable recommendation last year by the Senate Commerce Committee, but died on the calendar.

The areas of regulatory concern addressed by this law include the licensing and regulation of insurance agents, administrators and adjusters; insurance company organization and background checks of organizers; simplified communication with agents by the department; disclosure of certain coverage limitations by consumers of credit life insurance; insurer identification when coverage is bound or a premium is quoted; and clarification of license application requirements for fraternal benefit societies.

It also revises sections of Chapter 631, Florida Statutes, which deal with insurance company insolvencies. In general, insurance company insolvencies are handled under Florida law instead of the federal bankruptcy law. The Department of Insurance acts as the court-appointed receiver for the insolvent insurer. The revisions facilitate the entry of a consent order of conservation, rehabilitation or liquidation, automatic stays to protect the estate of the insurer, the set-off of mutual debts or credits between the insurer and another person, and the extension of the existing departmental immunity provision to Part I as well as Parts II and III of Chapter 631.

**Task Force Recommendations**
**(HB 1606) CH. 88-390**
**Effective date: 10/01/88**

As part of the Tort Reform and Insurance Act of 1986, the Legislature created the Academic Task Force for Review of the Insurance and Tort Systems, to study those systems and report its findings and recommendations to the Legislature by March 1, 1988. In particular, the task force evaluated the substantial insurance regulatory reforms contained in the 1986 act, the most significant of which related to rate regulation, excess profits, and authority for a property and casualty joint underwriting association.

The law, for the most part, implements the recommendations of the task force by requiring the Department of Insurance to include certain information regarding commercial multi-peril and commercial casualty insurance in its annual report, including data recommended by the task force. The bill also merges the excess profits laws for commercial property and commercial casualty insurance with those for workers' compensation and employer's liability insurance. (This approach differs from the task force recommendation.) The bill also requires the department to establish a Joint Underwriting Association for commercial property and casualty insurance by rule and specifies various requirements for the JUA.

## STATE FIRE MARSHAL LEGISLATION

**Fire Prevention and Control/Chapter 633**
**(SB 1088) CH. 88-209**
**Effective date: 7/01/88**

This law amends the fire prevention and control chapter to allow law enforcement officials to obtain information relating to a fire loss investigation without the approval of the Division of State Fire Marshal. Additionally, the act allows fire safety inspectors certified by the division to issue citations for civil infractions relating to fire safety.

**Firefighters and Police Health Project**
**(CS/HB 203) CH. 88-263**
**Effective date: 7/05/88**

This law creates the Florida Firefighters, Paramedics, and Police Officers Health Project within the University of Miami School of Medicine. This project is to be administered by the Department of Epidemiology of the Division of Preventive Medicine of the University of Miami School of Medicine.

The goal of the program is to identify ways to reduce the risks of cancer and coronary disease in emergency services personnel throughout Florida.

This project is modeled after a highly successful program conducted by the University of Miami School of Medicine using Metro-Dade Fire Department personnel.

The model program proved that ropier physical activity and diet can lead to good cardiovascular fitness. It also included a statewide smoking cessation program.

**Land Sales Practices (HB 1492) CH. 88-90**
**Effective date: October 10/01/88**

Amends section 509.215 to grant extensions of one year for compliance to existing public lodging establishments.

## TREASURY LEGISLATION

**Security for Public Deposits Act**
**(CS/CS/SB 587) CH. 88-185**
**Effective date: 10/01/88; except as otherwise provided**

Currently, only those banks and savings associations which are chartered by either Florida or the federal government are eligible to hold public deposits. Public deposits include the moneys of the state or of any county, school district, community college district, special district, metropolitan government, or municipality. The act imposes reporting requirements and specific collateralization requirements on qualified public depositories.

During the past year, more financial institutions failed than any time since the Great Depression. In recent decades, no more than a dozen banks failed each year. Last year, 138 banks failed and 200 are expected to collapse this year. In the past, all Qualified Public Depositories had been self-reporting, with the Treasurer acting primarily as an administrator and record keeper.

The proposed changes will clearly assign management responsibility to the Treasurer and authorize him to appoint two industry advisory committees to recommend standards for the program, one for banks, and one for savings associations. These standards will be used to monitor the financial condition of the depositories and will be used to refuse entry into the program, set pledging levels, restrict deposits held, and require participants to leave the program.

**State Lottery**
**(HB 1409) CH. 88-374**
**Effective date: 7/06/88**

Insurance company annuities are added as authorized investments for long term lottery prize funds.

## OTHER RELATED LEGISLATION

### AIDS & HIV Prevention and Education
**(HB 1519) CH. 88-380**
**Effective date: 7/06/88**

The AIDS law of 1988 is actually a comprehensive set of individual acts and statutory provisions affecting a broad range of state activity and state policy statements directed toward this unique medical condition -- i.e., the Human Immune Deficiency Virus (HIV) infection and the Acquired Immune Deficiency Disease Syndrome (AIDS) and AIDS-Related Complex (ARC).

Newly created sections of the Insurance Code affecting life and health insurance policies, multiple employer welfare arrangements, and health maintenance organization contracts are derivative and reflective of comprehensive state public health policy regarding HIV testing, test result confidentiality, and prohibitions against the unfair treatment of or discrimination against persons with HIV infection or sickness or medical conditions derived from such infection.

Major provisions which govern insurer and health maintenance organization (HMO) actions with respect to HIV infection and/or the AIDS/ARC disease can be summarized as follows:

**HIV Testing**

(1) Permissible tests are those tests recommended by the Centers for Disease Control or by the Federal Food and Drug Administration;

(2) Disclosure and written informed consent are required prior to administering an HIV test;

(3) Tests may be administered based only upon a person's current medical condition, medical history or triggered by threshold amounts of coverage which apply to all persons within the risk class;

(4) Sexual orientation shall not be used to determine which applicants for insurance coverage shall be tested for HIV infection; nor shall marital status living arrangements, occupation, gender, beneficiary designation, zip codes or other territorial classifications be used to establish an applicant's sexual orientation.

(5) Insurers may inquire as to an applicant's receipt of a positive HIV test result, but may not inquire as to whether the applicant has been tested or received a negative result;

(6) Confidentiality of test results must be strictly maintained and shall not be provided to industry data banks if a review of the information would identify the individual and the specific test results.

(7) Neither insurance policies nor HMO contracts may contain specific limitations or exclusions of coverage with respect to HIV infection unless specifically permitted by law;

(8) Except for preexisting conditions, benefits under a life insurance policy shall not be denied or limited based upon an insured's death from HIV infection.

**Insurance Contracts/HMO Contracts**

(1) Specific amendments have been made with respect to grounds for DOI disapproval of any insurance or HMO contract which excludes or limits coverage for HIV infection or a sickness or medical condition derived from such infection;

(2) Policies/HMO Contracts shall not be canceled or non-renewed because of diagnosis or treatment of HIV infection or the AIDS disease.

### Possession of Open Containers in Vehicles Prohibited (CS/HB 165) CH. 88-22
**Effective date: 10/01/88**

Possession of an open container of alcoholic beverage by the driver while operating a vehicle in this state or a passenger in or on a vehicle being operated in this state is prohibited. An open container is any container which can be immediately consumed from or the seal of which has been broken. The driver is considered to be in possession of an open container if it is not in the possession of a passenger and is not located in a locked glove compartment, locked trunk, or other locked non-passenger area of the vehicle. A passenger is considered to be in possession of an open container if the container is in the physical control of the passenger. The driver of a vehicle violating this law would be guilty of a noncriminal moving traffic infraction; a passenger would be guilty of a nonmoving traffic infraction. This law does not apply to passengers of hired vehicles being driven by a licensed chauffeur, passengers of a bus which is being driven by a licensed chauffeur, or passengers of a self-contained motor home which is greater than 21 feet in length. Counties or municipalities may adopt more restrictive ordinances than are contained in this law.

# SUMMARY OF LICENSED COMPANY ACTIVITIES FOR FISCAL YEAR 1987-1988

Listed below are those insurance companies licensed in Florida that were licensed during the fiscal year 1987, those companies that withdrew from Florida, those that were purchased by or merged with other companies and those that changed their name during the fiscal year.

## Property and Casualty and Title Insurance Companies Admitted or Licensed

# MUNICIPAL POLICE OFFICERS' RETIREMENT TRUST FUND PREMIUM TAX DISTRIBUTION

Chapter 185, Florida Statutes, provides that each incorporated Florida municipality may impose an excise tax on insurance companies of one per cent of its casualty insurance premiums written within the limits of the municipality. The purpose of this tax is to provide a retirement fund for the municipalities' police officers. The following excise taxes were collected and credited to the participating cities' fund during the calendar year 1987:

| | |
|---|---|
| Apopka | $ 89,622.11 |
| Arcadia | 32,389.89 |
| Atlantic Beach | 35,139.92 |

# DIVISION OF INSURANCE CONSUMER SERVICES

The Division of Insurance Consumer Services protects, assists and informs the insurance buying public through its programs of (1) determining qualifications, developing and administering examinations and issuing licenses to insurance agents, solicitors, adjusters and other insurance representatives; (2) developing and distributing insurance buyer guides, establishing consumer awareness programs and making news releases; and (3) handling consumers' insurance complaints, claims and inquiries. This division is comprised of the Bureau of Licensing, the Bureau of Consumer Research and Education, and the Bureau of Field Operations, whose functions are briefly described as follows:

## BUREAU OF LICENSING

The Bureau of Licensing insures that the insurance buying public of Florida is served by qualified agents, solicitors, adjusters and other insurance representatives.

Number Of Licensed Agents And Adjusters as Of June 30, 1988

| | |
|---|---|
| Licensed Agents, Adjusters and other Insurance Representatives | 115,412 |
| Licensed Non-Resident Insurance Agents and Adjusters | 24,123 |
| Bail Bond Runners, Limited Surety Agents and Professional Bail Bondsmen | 739 |
| Warranty Association Contracting Sales Agents | 8,325 |

## BUREAU OF CONSUMER RESEARCH AND EDUCATION

The Bureau of Consumer Research and Education collects, organizes and distributes to the public, information relating to the role of the Insurance Commissioner and the Department of Insurance, the types of insurance available in the marketplace and consumers' responsibilities when purchasing insurance products.

### CONSUMER BROCHURES AVAILABLE AS OF JUNE 30, 1988

- Automobile Insurance Shoppers' Guide
- Commercial Insurance Consumers' Guide
- Condominium Insurance Consumers' Guide
- Health Maintenance Organization Consumers' Guide
- Health Insurance Shoppers' Guide
- Homeowners Insurance Shoppers' Guide
- Insurance Survival Guide (General Information)
- Life Insurance and Annuities Consumers' Guide
- Medicare Supplement Insurance Shoppers' Guide
- When Disaster Strikes... Insurance Answers (Hurricanes - Also available in Spanish)

## BUREAU OF FIELD OPERATIONS

The Bureau of Field Operations provides service to individual consumers through the proper enforcement of insurance policies and the Florida Statutes and Rules governing the insurance industry and its representatives. These functions are administered through the use of a statewide, toll-free Hotline Unit in Tallahassee, the Tallahassee Office, three Regional Offices and ten Service Offices, identified as follows:

### TOLL-FREE HOTLINE 1-800-342-2762

During Fiscal Year 1987-88, 176,029 calls were received on the Consumer Toll-Free Hotline.

### TALLAHASSEE OFFICE

**Bureau of Field Operations**
Room 356, J. Edwin Larson Building
Tallahassee, FL 32399-0300
(904) 488-0030

### REGIONAL SERVICE OFFICES

**North Florida Region**
160 Governmental Center
Suite 515
Pensacola, FL 32501

**Central Florida Region**
400 West Robinson St.
Suite 401
Orlando, FL 32801

**South Florida Region**
401 Northwest 2nd Ave.
Room N326
Miami, FL 33128

### LOCAL CONSUMER SERVICE OFFICES

**Daytona**
955 Orange Avenue
Suite M
Daytona Beach, FL 32014
(904) 254-3920
Serving Flagler, Marion, Putnam, and Volusia Counties

**Ft. Lauderdale**
200 SE 6th Street
Suite 404
Ft. Lauderdale, FL 33301
(305)467-4339
Serving Broward County

## Local Consumer Service Offices (continued)

**Ft. Myers**
2180 W. 1st Street
Suite 208
Ft. Myers, FL 33901
(813)377-5339
Serving Charlotte, Collier, DeSoto, Glades, Hendry, Highlands and Lee Counties

**Jacksonville**
111 Coastline Drive East
Suite 410, Box 40
Jacksonville, FL 32202
(904)359-6146
Serving Alachua, Baker, Bradford, Clay, Dixie, Duval, Gilchrist, Levy, Lafayette, Nassau, Union, St. Johns and Suwannee Counties

**Miami**
401 Northwest 2nd Avenue
Suite N307
Miami, FL 33128
(305)377-5235
Serving Dade and Monroe Counties

**Orlando**
400 W. Robinson Street
Suite 401
Orlando, FL 32801
(407)423-6105
Serving Brevard, Citrus, Lake, Orange, Osceola, Seminole and Sumter Counties

**Pensacola**
160 Governmental Center
Suite 515
Pensacola, FL 32501
(904)436-8040
Serving Bay, Calhoun, Escambia, Gulf, Holmes, Jackson, Okaloosa, Santa Rosa, Walton, and Washington Counties

**St. Petersburg**
3160 5th Avenue N.
Suite 135
St. Petersburg, FL 33713
(813)893-2351
Serving Manatee, Pasco*, Pinellas, and Sarasota Counties

**Tampa**
1313 N. Tampa Street
Suite 809
Tampa, FL 33602
(813)272-2330
Serving Hardee, Hernando, Pasco*, Hillsborough and Polk Counties

**West Palm Beach**
111 Georgia Avenue
Suite 209
West Palm Beach, FL 33401
(407)837-5045
Serving Indian River, Martin, Okeechobee, Palm Beach and St. Lucie Counties

*Cities west of US 19 in Pasco County are serviced by the St. Petersburg Service Office. Cities east of US 19 in Pasco County are serviced by the Tampa Service Office.

During Fiscal Year 1987-88, there were 392,036 complaints, claims and inquries to the Tallahassee office and the local service offices, resulting in recoveries of $34,781,543 for insurance consumers. The types of complaints, claims and inquiries received during this period are the following:

# DIVISION OF STATE FIRE MARSHAL

The Division of State Fire Marshal is responsible for a variety of activities involving the protection of life and property from the ravages of fire. Florida Statutes, Chapter 552, "Manufacture, Distribution and Use of Explosives"; Chapter 633, "Fire Prevention and Control"; and Chapter 806, "Arson", govern the Division's major areas of responsibility.

The Division operates four bureaus and one section. The Bureau of Fire and Arson Investigation responds to requests form agencies for investigations of fires which occur under suspicious or undetermined circumstances. The Bureau of Fire Prevention promulgated rules governing fire safety and inspects state-owned or -leased buildings to assure compliance with fire codes. The Bureau of Explosives and Fire Equipment regulates fire equipment dealers, fire protection contractors and explosives handlers. The Bureau of Fire Standards and Training provides training and certification for firefighters. The Fire Incident Reporting Section receives and compiles data on fires form fire departments throughout the state. Staff from these bureaus are located in seven field offices and the State Fire College in Ocala.

The mission of the Division can be accomplished through assistance to and involvement in the fire service community to ensure protection of the citizens of Florida.

## SECTION OF FIRE INCIDENT REPORTING

The primary mission of the Florida Fire Incident Reporting Section is to collect, process and analyze data from Florida fire department incidents. FFIRS uses the standard National Fire Protection Association 901 codes and the standard data format of the National Fire Incident Reporting System. FFIRS is one of the forty states and twenty-two metros (Standard Metropolitan Statistical Areas) using the NFIRS system, which is considered the standard for fire incident reporting.

In 1987 there was an increase of over 46,000 (14.6%) incidents processed by FFIRS, making the total over 362,500, which is the largest number ever processed by our staff. These incidents were received three ways: paper forms (294,964), magnetic tape (55,920), and diskette (11,655). In our communications with fire departments, we expect an increase in the number reporting by both magnetic tape and diskette.

The number of software packages available for use by fire departments on both the mainframe and personal computer has increased so rapidly that it became impossible for state project managers to test each program for compatibility with NFIRS. Therefore, the National Fire Information Council assumed the responsibility for testing programs. If your fire department is interested in using a particular software, you should contact FFIRS regarding the compatibility of the program or the procedure to follow in having the software tested.

During the past year the Auditor General used FFIRS statistics in their audit of the Bureau of Fire Standards and Training. FFIRS provided data regarding the wide range of services now provided by Florida fire service personnel. The auditors were focusing at that time on whether the Fire College curriculum should be adjusted to provide additional training programs in specific areas of fire service activity.

FFIRS was host in Tallahassee, February 18-21, 1988 to fifteen state project managers from Regions I and II of the National Fire Information Council. Those states represented were Arkansas, Connecticut, Delaware, Louisiana, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Rhode Island, South Carolina, Vermont, Virginia and Florida. The metros represented were Boston, MA, Jacksonville, FL, Louisville, KY, Nashville, TN, New York City, NY, Prince George's County, MD, Rochester, NY and Washington, DC. Presenters on the program included Dennis Oneal of the Jersey City, NJ Fire Department speaking on "Effective Use of the Media"; Tom Collins of the Federal Emergency Management Agency spoke on "Quality Control of Fire Data"; and Ross Boelling of Development Planning and Research Associates, Inc. gave a presentation on "Increasing Analytical Skills". Also attending were Steve Bailey, President of NFIC, along with his administrative assistant, Mike Franks, and Ken Kuntz of the U.S. Fire Administration. The meeting was productive and the NFIC group appreciated the opportunity to meet with members of the Division of State Fire Marshal staff.

Florida's best news is that there were only 181 accidental fire deaths reported in 1987 compared to 205 in 1986, 213 in 1985, 191 in 1984, 195 in 1983 and 191 in 1982. However, this good news is tempered by the fact that three fire fighters died in the line of duty last year. Two died while fighting fires and the third while performing a building inspection. FFIRS will be performing further analysis on the 1987 deaths, and will make the data available as soon as possible.

## BUREAU OF FIRE AND ARSON INVESTIGATIONS

Arson is a concern of all Florida citizens due to the potential loss of life and destruction of property. The Bureau's workload increased 108% from 1979-80 to 1987-88 fiscal year. The average dollar loss per arson case for the 1987-88 fiscal year was $21,553.63. In 1974 it was less than $10,000 per case. During 1987-88, the Bureau responded to 3,634 investigations. Arrests for the crime of arson in Florida from 1979-80 to 1987-88 increased 31%.

Among the Bureau's improvements are the development of a Mobile Fire and Arson Investigation Unit, installation of radio communications for approximately 90% coverage of the state, automation of the headquarters and field records with computers, legislative approval for the construction of a $975,000 Arson Laboratory, and initiation of a 24-hour service office in the Tallahassee headquarters office. The Bureau was also the recipient of its second U. S. Department of Justice Arson Prevention and Control grant which included funding for the purchase of a MicroVAX computer.

The Mobile Fire and Arson Investigation unit is constructed similar to a heavy rescue unit, but the design is specifically for equipment to perform extended investigation of fires. The unit has a portable gas chromatograph, video recording equipment, various electronic hydrocarbon detectors, portable lighting, power generators, power tools, etc. The unit is utilized on large fire losses. A team from the Bureau responds with the unit and integrates with local investigative authorities.

The Bureau will be improving its radio communications to 90% coverage of the state this year. This will improve their response time to requests for fire investigations and reduce unnecessary travel time.

The Bureau has all eight field offices on-line with computers. This permits the storage and cross referencing of names, addresses, etc., of persons having multiple fires in Florida. The computer system permits reports to be generated and transmitted by computer. This improves management of the Bureau's administrative activities, improves and increases information available to investigators and reduces cost. The Bureau is presently working on the automation of fire/arson investigation reports. The reports will be generated by the field offices and forwarded to Tallahassee by computer.

The Bureau received funding during the 1987 Legislative Session for the construction of a State Forensic Arson Laboratory. The Bureau received approval from the Leon County School Board to sublet land and construct the lab at the Lively Law Enforcement Training Facility in Gadsden County. Construction of the lab is scheduled to begin November 1988 and occupancy by June 1989.

The Bureau will have a 24-hour service office in Tallahassee with a toll free telephone number for agencies to call for investigations. A duty officer will be assigned after normal work hours to receive calls, notify investigators, etc. The 24-hour operation is anticipated to be operational before the end of 1988.

The Bureau was the recipient of its second U. S. Department of Justice Arson Prevention and Control Grant. One priority goal of the grant is a system for collecting and analyzing data to target and identify arson. The grant provided funding for the purchase of a MicroVAX computer. The system will provide the bureau's fire and arson investigation activities greater security of records, flexible and more timely analysis of data, access to the Secretary of State's Corporate Records files, access to bureau information by investigators on a 7 day a week - 24-hour a day basis and greater control over sensitive criminal intelligence information developed during arson investigations.

FISCAL YEAR JULY, 1987 - JUNE, 1988

| Cases Closed | | Arrests | Convictions |
|---|---|---|---|
| Arson | 1,077 | 201 | 143 |
| Suspicious | 334 | | |
| Accidental | 921 | | |
| Undetermined | 662 | | |
| TOTAL | 2,994 | | |

Requests for Fire/Arson Investigations

| | |
|---|---|
| Citizens: Non-Owners | 4 |
| Citizens: Owners | 15 |
| County Officials | 317 |
| Fire Departments | 2,244 |
| Insurance Representatives | 85 |
| Police Departments | 178 |
| Sheriffs Departments | 734 |
| Others | 57 |
| TOTAL | 3,634 |

## BUREAU OF FIRE STANDARDS AND TRAINING
07/01/87 - 06/30/88

The Bureau of Fire Standards and Training is the vehicle through which the vast fire service training and education responsibilities of the Division of State Fire Marshal are executed. The Bureau has the responsibility for functions relating to qualifications and standards for employment, training and education of firefighters, certification of fire inspectors, curriculum development and submission of reports and recommendations to the Division of State Fire Marshal concerning the improvement of Fire Service Training and Education.

The Bureau is also responsible for the administration of the Firefighter Educational Compensation Program. As of July 1 there were 2,458 firefighters participating in this program, 823 at the Baccalaureate level and 1,635 at the Associate level. 283 firefighters seeking entry into the program were rejected. The total disbursement of monies through this program for this Fiscal Year was $1,474,633.71.

The Bureau of Fire Standards and Training is subdivided into three (3) sections: Standards, Training, and Curriculum Development.

The Standards Section is responsible for the administration of the Florida firefighters minimum standards training program. This section also reviews the pre-employment paper work to ensure that the employment was within statutory limits, prepares psychomotor skills developed in the minimum standards curriculum, and certified firefighters, instructors, fire inspectors, and training centers.

## CURRICULUM/PUBLIC EDUCATION ANNUAL REPORT -- 07/01/87 - 06/30/88

| | A | B | C | D |
|---|---|---|---|---|
| Learn Not To Burn In-service Programs/ Workshops | 30 | 647 | 362 | 4036 |
| Residential Sprinkler Presentation | 0 | 0 | 0 | 0 |
| Public Education Programs at College | 37 | 804 | 142 | -- |
| Public Education Programs Outside Of College | 15 | 2683 | 489 | 9566 |

A = Number of Programs Presented
B = Number of People Reached
C = Number of Hours Logged
D = Number of Miles Logged

Professional consultations continue to be a growing function of the Bureau of Fire Standards and Training. This past year the Bureau received a number of requests from municipalities to conduct studies and surveys relative to manpower, site location, equipment and training needs. The Curriculum/Public Education Section has devoted a great deal of time to Public Education. The Curriculum Coordinator has succeeded in implementing the LEARN NOT TO BURN curriculum in five county school systems.

This section continues to administrate two Federal Grants where there is participation from seven southeastern states. The first grant is for Training Resource and Data Exchange (T.R.A.D.E.). The purpose of the T.R.A.D.E. grant is to have a network of resources that are available for use. To date we have published a rescue manual and outline on Crash Rescue. The second grant is the National Community Volunteer Fire Prevention Program. The purpose of this grant is to get civic groups and fire departments together to present fire prevention programs. Over $180,000 in grant monies will be dedicated to these projects.

## BUREAU OF FIRE STANDARDS AND TRAINING TRAINING STATISTICS -- 07/01/87 - 06/30/88

| | A | B | C | D | E |

| Competency | 186 | 2,200 |
| Instructors | 451 | 3,644 |
| Total | 6,108 | 49,002 |

## BUREAU OF EXPLOSIVES AND FIRE EQUIPMENT

The Bureau of Explosives and Fire Equipment is responsible for the administration and enforcement of Chapter 552, Florida Statutes, "Explosives", Chapter 554, Florida Statutes, "Boiler Safety", and several sections in Chapter 633, Florida Statutes, "Fire Prevention", concerning licensing, regulation, examination, and training of fire equipment dealers, fire equipment permit holders, and fire protection system contractors. The Bureau's primary function is to safeguard the lives and property of the citizens of Florida through the enforcement of laws and rules regarding explosives, boiler safety, and fire protection equipment.

As the regulatory agency for the four programs, this Bureau investigates the illegal use of and/or possession of explosives; inspects boilers for compliance with safety requirements; investigates the improper installation and servicing of portable fire extinguishers and fire suppression systems; investigates the illegal actions of any fire protection system contractor. All persons holding licenses, permits, or certificates under any of the four programs are qualified by examination at particular levels of expertise in the four separate industries. In addition, all applicants for fire equipment dealer licenses and permits must attend a 40-hour training course prior to taking the examination.

In addition to the four regulatory programs, the Bureau is responsible for issuing certificates of registration to all manufacturers, distributors, wholesalers, retailers and seasonal retailers of sparklers. The certificate is issued upon submission of a properly completed form and the necessary fee. No training or examination is required and Bureau has no enforcement authority.

The Bureau issues nearly 5,000 licenses, permits, and certificates and registers over 4,000 retail sparkler locations annually. The Bureau has 18 full-time positions to serve the state. Special Investigators for the dealer, contractor, and explosives programs are assigned to the Tallahassee, Jacksonville, Orlando, Tampa, West Palm Beach, and Fort Lauderdale field offices. Deputy Boiler Inspectors for the boiler safety program are located in Tallahassee, Jacksonville, Orlando, and Fort Lauderdale. The Special Investigators have received a combined total of well over 600 hours of training to keep up-to-date on the latest procedural and technical advances in the dealer, contractor, and explosives industries. All the Deputy Boiler Inspectors have commissions from the National Board of Boiler and Pressure Vessel Inspectors.

LICENSES AND REGISTRATIONS PROCESSED - FISCAL YEAR 1988-89

| Type And Class | Number Issued |
|---|---|
| 0405 Manufacturer-Distributor Explosives | 14 |

## BUREAU OF FIRE PREVENTION

The duties and responsibilities of the Bureau of Fire Prevention are set forth in Chapter 633, and Sections 255.25, 393.067, 394.879, 396.176, 400.441, 509.215, and 526.141, Florida Statutes. These include the following:

a. Prevention of fires.

b. Storage, sale, use, keeping, manufacture, handling, transportation, or other disposition of combustibles, explosives flammables, gunpowder, carbide, and crude petroleum any of its products; and the State Fire Marshal may prescribe the material or receptacles and building to be used for such purpose.

c. Installation and maintenance of fire alarm systems and fire-extinguishing equipment.

d. Construction, maintenance, and regulation of fire escapes.

e. Means and adequacy of exits from all buildings in event of fire.

f. Establishment of uniform fire safety standards for state-owned and state-leased buildings and for all hospitals, nursing homes, adult congregate living facilities, correctional facilities, public schools, public lodging establishments, public food-service establishments, elevators, migrant labor camps, mobile home parks, recreation vehicle parks, residential and nonresidential child care facilities, and self-service gasoline stations, of which standards the State Fire Marshal shall be the final administrative interpreting authority.

g. Inspection of state-owned or state-leased buildings on a recurring basis, not later than every two years, and to ensure that "high-hazard" occupancies are inspected at least annually for the purpose of ascertaining and causing to be corrected any conditions liable to cause fire or endanger life from any violation of the fire safety standards for state-owned or state-leased buildings.

h. Interpret the state's fire safety standards.

i. Review building construction plans for compliance with fire safety standards.

j. Serve (through the Division Director and the State Fire Marshal) as the final administrative interpreting authority of the state's fire safety standards.

k. Serve as a "service bureau" for architects, engineers, fire protection officials and others. This includes serving as a central reference point and source of information, interpreting technical provision, sponsoring symposiums, conferences, etc., on fire related matters.

l. Maintain comprehensive records, including copies of fire safety inspection reports of each state-owned and state-leased facilities.

The Bureau coordinates with approximately 750 fire departments with which the Bureau works. We also maintain a working relations with building officials, city and county officials, insurance companies, loss management representatives, building contractors, technical personnel from other state agencies, architects, engineers, and others with an interest in fire protection, all of which consult the bureau for technical assistance on fire laws, administrative rules and codes or standards and the resolution of deficiencies.

The bureau is charged with the responsibilities to conduct annual fire safety inspections of high hazard properties such as prisons, juvenile detention centers, mental institutions, etc., and to complete a fire safety survey of other state-owned and state-leased facilities at least every two years. Three Fire Protection Specialist Supervisors and 21 Fire Protection Specialists are located in Nine Field Offices to respond to statutory mandates. The Fire Protection Specialists inspected approximately 12,000 buildings during fiscal year 1987 - 88. This figure reflects statutory mandates, including special projects presented to the bureau by citizens due to the state's increase in population and fire safety awareness.

Code Enforcement continues to be a significant activity for the bureau. Approximately 15 cases per year are forwarded to the Bureau Chief for further action. In many instances, these cases can be resolved after consultation with all parties involved. Failing this, Legal action must be instituted e.g. Administration Hearing, circuit court, etc. For failure to comply with fire safety standards.

The plans review section is staffed by three professionals and one support staff person. In fiscal year 1987 - 88, a monthly average of 71 plans were reviewed for compliance with fire protection and safety standards. A total of 852 plans were reviewed by the staff.

Statutory mandates governing response time for reviews necessitated for shifting of workload responsibilities to meet other statutory requirements. This section was also helpful; in providing special assistance to individuals, design professionals, fire officials, building officials and others involved with complex fire protection projects, saving the public millions of dollars.

Section 633.01, Florida Statutes, provides that the State Fire Marshal shall make and promulgate all rules necessary to implement the provisions of Chapter 633 entitled "Fire Prevention and Control".Other provisions require updating of rules or the development of new standards. Several administrative rules were revised or adopted during this period.

Fire Protection Specialists from the bureau have provided technical assistance to fire officials, local governments and the general public on questions relating to the migration of hazardous materials from underground tanks and containers, as well as information concerning materials substance under the "Right to Know Act" of Florida.

The highlight each year continues to be the Annual State Wide Fire Prevention Conference, which has earned an excellent reputation throughout the nation. Internationally known specialists in the fire service field attend and participate in the program. Additional features of this conference include the announcement of "Fireman of the Year", Volunteer Fireman of the Year" and "Inspector of the Year", who are chosen on a statewide basis.

# DIVISION OF LIQUEFIED PETROLEUM GAS

The Division of Liquefied Petroleum Gas is responsible for the administration and enforcement of Chapter 527, Florida Statutes, entitled "Sale of Liquefied Petroleum Gas." The Division is charged by this statute to enforce laws and regulations in the interest of public safety where LP gas is stored,, transported, distributed and utilized. The Division's public responsibility for LP gas safety begins when the product enters state borders and continues until the product is safely consumed by the public.

Chapter 527, Florida Statutes, provides for state regulation of a highly technical and widely used commodity-liquefied petroleum gas. The unique characteristics of liquefied petroleum gas require a high level of expertise and special laws and regulations. The enforcement of the provisions of this law is essential for the public welfare for protection against loss of property, health and life by fire or explosion. The provisions of Chapter 527, Florida Statutes, insure that only competent persons engage in the business and that compliance with acceptable safety codes and standards is achieved.

Chapter 527, Florida Statutes, provides for rule making by due process. Under this provision, the Division adopts National Fire Protection pamphlets for safety. These national standard codes provide the safety guide for the storage, handling and utilization of liquefied petroleum gas, and enforcement of these codes is the responsibility of the Division of Liquefied Petroleum Gas Inspectors.

The Division has been certified by the Federal Office of Pipeline Safety to enforce the Pipeline Safety Act as it applies to liquefied petroleum gas pipelines. The Pipeline Safety Program is financed on a 50/50 basis with the US Department of Transportation.

Personnel of the LP Gas Division organize and present safety seminars and workshops on subjects dealing with safety practices wherever LP gas is involved. They also serve local authorities as experts in the field of code interpretation and acceptable LP gas safety practices.

The Division rules on the acceptability of proposed plans for the installation of bulk LP gas storage. The Division's inspectors follow-up with on-site inspections of these installations to assure compliance with adopted safety standards. In addition, Division inspectors routinely inspect all installations where LP gas is sold.

There are approximately 3,000 licenses issued annually through the Division of Liquefied Petroleum Gas. License revenue is the prime source of the LP gas safety enforcement budget. There are 19 full-time positions assigned to this Division to serve the state. Personnel are located in West Palm Beach, Orlando, Tampa, Jacksonville and Tallahassee.

The Division's responsibility is to promote LP gas safety in the State of Florida for the protection of the public health, safety and welfare.

### LICENSES ISSUED-FISCAL YEAR 1987-88
